Trade Stands - International Ceramics Festival 2019

5th – 7th July 2019

Trade stands have become an increasingly valuable part of the Ceramics Festival. They offer visitors the unique opportunity to purchase materials and equipment directly from suppliers and they in turn get to display/ demonstrate new products and services. We also welcome trade stands from ceramic institutions such as galleries and courses teaching ceramics and 3-D design. We aim to provide a variety of trade stands for the visitors experience to include: ceramic supplies and materials, services and information; ceramic publications and books, and much more! The festival attracts over 1000 visitors every year.
